**Service Classification No. 10
Compressed Natural Gas Vehicle Full Service
(Rate Code: 801)**

Applicable To Use of Service for:

Fueling vehicles with natural gas in accordance with written contract between the Company and customer. Service is limited and will be provided to customers on a first come, first service basis at refueling stations owned and operated by the Company and located at Company facilities. Additional restrictions are provided in the Special Provisions herein. Availability of fuel at the refueling station is subject to the conditions set forth in Rule 7B.

Character of Service:

Natural gas, or any suitable mixture of natural and manufactured gas, of a BTU content not less than 950 BTU per cubic foot (dry basis) on a monthly average, supplied at pressures within the limits prescribed by the Public Service Commission.

Rate: (per meter, per month)

Price per therm shall be determined at the sole discretion of the Company. The Effective Rate will be shown on the Statement of Rates and Charges for Natural Gas Vehicle Service Classification Nos. 9, 10 and 11. This statement will be filed with the Public Service Commission apart from this rate schedule two business days prior to the date on which the statement is proposed to be effective.

Heating Value Adjustment:

The volume of gas metered by the Company's meter will be converted to therms pursuant to Rule II.3G.

Increase in Rates and Charges:

The rates and charges under this Service Classification are increased by the applicable percentage as explained in Rule III.2 for service supplied within the municipality where the customer is taking service.

Any Federal, State, and Local taxes that the Company is required to collect on sales of natural gas for use in motor vehicles will be charged to and collected from the customer for all sales made hereunder.

Terms of payment:

Net cash, subject to late payment charge in accordance with provisions of Rule II.3E.2, or as otherwise negotiated and contracted between the Company and the customer.
