## **SERVICE CLASSIFICATION NO. 2 (Cont'd.)**

### **TERM:**

Five years from the initial rendering of service, including service previously rendered under contract, and thereafter until terminated on 120 day's written notice by either the Corporation or customer.

If the customer requests removal of a facility from service, the Monthly Maintenance Charge the customer pays the Corporation will be reduced in accordance with the rates specified for each such facility removed, as of the removal date of said facility. However, if the equipment is Corporation owned the customer shall reimburse the Corporation the original cost, less accrued depreciation and net salvage (cost of removal less salvage) of such facility, as determined by the Corporation.

### **SPECIAL PROVISIONS:**

- A. The Customer shall notify the Corporation of the number, size, type and location of luminaires and other facilities initially to be served hereunder, and may at any time thereafter, upon reasonable written notice to the Corporation, specify (a) additional locations of luminaires and/or other facilities, or (b) removal of luminaires and/or facilities. Upon acceptance of the application the Corporation will, within a reasonable time after receipt of written authorization from the customer, install facilities to provide service, or remove facilities from service. The Corporation will not be obligated hereunder to serve additional luminaires in locations where electric service may not be readily available.

The Customer shall be responsible for maintaining appropriate property and other records of the facilities and equipment owned by the Customer. The Corporation shall be notified in writing on Customer letterhead by the Customer before any change is made to the Customer's facilities or equipment.

- B. If in the sole opinion of the Corporation, facilities maintained by the Corporation become subject to vandalism, the customer shall be required to reimburse the Corporation for all maintenance costs incurred as a result of vandalism.
- C. The Corporation reserves the right to discontinue service to any equipment owned by the customer which in the opinion of the Corporation shall have become unsatisfactory for further service for any reason. Neither by inspection nor non-rejection, nor in any other way, does the Corporation give any warranty expressed or implied, as to the adequacy, safety, or other characteristics of any structures, equipment, wires, conduit, appliances, or devices owned, installed, or maintained by the customer, or leased by the customer from third parties.
- D. **Budget Billing:**
- Customers may, by signing an application, be billed monthly in accordance with the plan set forth in Section 4-0 of P.S.C. No. 119 - Electricity or superseding issues thereof.
- E. Customers may install a Company-approved in-line disconnecting device for existing locations of luminaires. Installation of a Company-approved in-line disconnecting device will be required for any new locations for luminaires to be served hereunder.
