SERVICE CLASSIFICATION No. 2 - Continued

Special Provisions:

- (a) Gas at pressures up to one pound, where reasonably available, will be furnished provided the Customer shall pay the cost of connection between the Company's transmission system and his premises. See Rule 18 in the General Information section of this tariff.
- (b) New gas service will be supplied under this Service Classification upon determination by the Company that the total rated hourly Btu input to supply the gas-fired equipment installed for such use does not exceed 2,500,000 Btu per hour. Process and feedstock requirements are exempt from the conditions for gas service set forth in this Special Provision (b).
- (c) Exemption from the limitation provision set forth in Special Provision (b) hereof will be granted by the Company provided that a contribution payment necessary for required service laterals and/or system reinforcement is submitted prior to the commencement of gas service by the applicant for such gas service.
- (d) The following Riders may be applied to this Service Classification: A, B.
- (e) If a customer taking service under Service Classification No. 5A, 6C, 6G or 6M switches voluntarily to service under Service Classification No. 2, that Customer will be precluded from returning to SC 5A or SC 6 for twelve months from the effective date of the switch.

Additional Charge:

Customers whose use of gas exceeds the permissible quantities set forth in subparagraphs (c) and (d) of paragraph 29 on Leaf No. 56 will be subject to an additional charge of nine (9) times the charge indicated in the terminal (lowest) block, including the Revenue Tax Surcharge. The imposition of such additional charge shall not limit any rights of the Company to terminate gas service that are provided for in this Schedule for Gas Service or elsewhere.

Charge for Late Payment:

Pursuant to the provisions contained in General Information Leaf No. 41.
