SERVICE CLASSIFICATION No. 6G - Continued

With regard to the inadequate fuel situation and/or equipment failure, Customers who have not supplied the Company with such proof shall be subject to the higher of the variable rate equal to the greater of 130% of the No. 2 oil gas equivalent price (as published in the Journal of Commerce) or 130% of their otherwise applicable variable sales rate ("non-compliance charge"). Such non-compliance charge, which will be subject to all applicable utility taxes and surcharges, shall be in lieu of their otherwise applicable variable rate and shall be effective for the billing period during which the non-compliance becomes known, and for any subsequent periods until the Customer provides the Company with satisfactory proof that the violation has been corrected. Customers subject to this higher variable rate continue to be subject to all terms and conditions of this service classification. If a non-compliance charge is assessed in the same period that an "Additional Charge" is assessed, the Customer's bill will not include consumption charged under the "Additional Charge."
