

PSC NO. 4 GAS LEAF: 137  
ORANGE AND ROCKLAND UTILITIES, INC. REVISION: 7  
INITIAL EFFECTIVE DATE: November 1, 2006 SUPERSEDING REVISION: 5  
Issued in compliance with Commission order in Case 05-G-1494, dated 10/20/06

**SERVICE CLASSIFICATION NO. 8****APPLICABLE TO USE OF SERVICE FOR:**

Interruptible transportation service for customer-owned gas from a receipt point to the customer's facilities. Customers commencing service hereunder on or after November 1, 2006 are subject to the gas usage eligibility requirement set forth in Special Provision I of this Service Classification. A receipt point is an agreed upon pipeline delivery point that interconnects with the Company's distribution system. The customer or a customer's gas Seller is responsible for transporting the gas to the receipt point including an amount to compensate the Company for losses incurred in transporting customer's gas. Customers electing interruptible transportation service under this Service Classification must be located adjacent to the Company's existing gas distribution mains having adequate capacity to supply customer's prospective requirements, in addition to the requirements of other present or prospective customers taking firm or interruptible service from such distribution mains or who agree to pay to the Company, prior to construction, the estimated cost of expanding its distribution system to make it adequate for service hereunder and who agree to:

- (a) interruption of service at any time at the Company's option on not less than four hours notice;
- (b) install and maintain facilities for using alternate fuels during interruptions; and
- (c) not use service supplied hereunder in any equipment which is supplied with gas service under any other Service Classification except as specified herein.

**CHARACTER OF SERVICE:**

- (A) Interruptible transportation of natural gas owned by a customer which the customer has arranged to have transported to a receipt point which interconnects with the Company's gas distribution system. Such gas will be transported from that receipt point to the customer's facilities. The Company shall control the dispatch of such gas, and dispatch will be provided as requested by the customer, except that the volume of gas delivered shall be conditioned upon the availability of distribution system capacity not then being used by Orange and Rockland's customers being served under Service Classification Nos. 1, 2, 5, 6, 7, 9 and 10.
- (B) Customers have the option, in lieu of the interruptible transportation service provided in (A) above, to purchase Supplemental Sales Service on a monthly basis. Supplemental Sales Service is the sale of interruptible natural gas owned by the Company having a heating value of not less than 1,000 Btu per cubic foot delivered at a pressure agreed upon by the customer and the Company, but not in excess of the available pressure at the point of delivery, as determined by the Company. To purchase Supplemental Sales Service, a customer must notify the Company by the twenty-fifth day of any month to commence Supplemental Sales
