SUPERSEDING REVISION:

SERVICE CLASSIFICATION NO. 20 - Continued

TRANSPORTATION RECEIPT SERVICE (TRS) - Continued

Capacity Release Service - Continued

(C) Character of Release:

The Company's GTOP will set forth the specific interstate pipeline on which capacity will be released by the Company to the Capacity Release Sellers for each capacity release period.

During the Winter Period, when the temperature is forecasted to be below the prescribed temperature set forth in the Company's GTOP's, Capacity Release Seller will be required to utilize the capacity released by the Company to deliver gas to the Capacity Release Seller's firm customers behind Con Edison's Citygate.

Capacity releases shall be effectuated in accordance with FERC regulations and gas tariff(s) of the pipeline(s) on which capacity is released. The Company's release of capacity shall not constitute a guarantee of any particular level of service by the pipeline(s) on which capacity is released. The Company shall not be liable to a Capacity Release Seller in any way for interruptions of service by the pipeline(s).
