

PSC NO: 1 ELECTRICITY**LEAF: 21****COMPANY: PLATTSBURGH MUNICIPAL LIGHTING DEPT.****REVISION: 5****INITIAL EFFECTIVE DATE: 06/01/06****SUPERSEDING REVISION: 4**

Issued in compliance with Commission Order issued 5/24/06 in Case 05-E-1496

PURCHASED POWER ADJUSTMENT CHARGE

APPLICABILITY

All customers receiving service under any of the Plattsburgh Municipal Lighting Department are subject to purchased power adjustment charges ("PPAC").

ADJUSTMENT CHARGE

The PPAC shall be the amount which shall be added to each kilowatt-hour of each rate schedule to reflect and recover all purchased power and transmission cost billed to the Plattsburgh Municipal Lighting Department from all service providers.

CALCULATION OF THE PURCHASED POWER ADJUSTMENT CHARGE

The PPAC shall equal the total cost of all power and transmission costs billed to the Plattsburgh Municipal Lighting Department in each month divided by the total kWh purchases in that month, less the base cost of purchased power measured at system input level, adjusted by a loss factor of 1.041794. The resultant cost per kilowatt-hour shall be rounded to the nearest \$0.0001/kilowatt-hour and applied as a charge or credit to all kilowatt-hours billed in the following month.

BASE COST OF POWER

The base cost of power for computation of the PPAC shall be \$0.014771/kilowatt-hour as measured at the system input level. The base cost of power measured at the sales level shall be \$0.015388/kilowatt-hour.

OTHER CHARGES AND CREDITS

The Plattsburgh Municipal Lighting Department may include in the PPAC reconciliations of prior period over or under recovery of power costs, additional one-time or irregular credits or charges resulting from billing adjustments, refunds or regulatory requirements. In the event of prior period reconciliation, the total cumulative amount of under or over collection in dollars shall be divided by the most recent twelve months of kWh sales. The resultant cost per kilowatt-hour shall be rounded to the nearest \$0.0001/kilowatt-hour and added or subtracted from the current months PPAC charge.

APPLICATION OF THE PURCHASED POWER ADJUSTMENT CHARGE

The purchased power adjustment charge shall be applied to all kilowatt-hours of each rate schedule.
