SERVICE CLASSIFICATION NO. 6 (Cont'd)

TERM:

The term of service shall be contained in the Service Agreement.

SPECIAL PROVISIONS:

ELIGIBILITY CRITERIA:

Any new or existing customer who meets all eligibility requirements stated below shall be eligible to take service in accordance with the rates, charges and provisions set forth under this Service Classification.

Requirements:

- (1) Customer is eligible to take service under Service Classification No. 1 - General Service, Service Classification No. 2 - General Service, Service Classification No. 3 - Interruptible Service or Service Classification No. 4 - Firm Transportation of Customer-Owned Gas, whose use is non-residential in nature, and
- (2) Customer adds incremental load of at least 100 Mcf per month if a new customer or if an existing customer by the lesser of 25% or 100 Mcf per month to the Company's system by (a) constructing a new facility; or (b) expanding an existing facility; or (c) adding facilities or equipment to an existing site; or (d) adding facilities through the redevelopment of a vacant or inactive site, including land or buildings which have been previously developed or (e) developing facilities or projects which are located in areas eligible to receive Urban Development Action Grants, and
- (3) For an existing customer, the base amount will be based on an average of the respective month in the two previous years adjusted for abnormal conditions, or an estimate, determined by the Company, and
- (4) Customer has a viable option to locate its facility or equipment outside the service territory served by this tariff, and provides evidence to the Company's satisfaction of such an option, subject to an agreed-upon confidentiality agreement, and
- (5) Customer shall apply for service under this Service Classification prior to the addition of load as described in Requirement (2) above.
