GENERAL INFORMATION

6.3 Charges

A. Public Fire Protection

Charges for public fire protection are made in accordance with Service Classification No. 4, except as otherwise provided by contract.

B. Hydrant Flow Tests

For all work and labor performed and all materials furnished by the Company for hydrant flow tests, a fee in accordance with that set forth under Service Classification No. 8 (Miscellaneous Service-Hydrant Flow Tests) of this Tariff will be charged to the Customer or party requiring such service.

C. Hydrant Use Permits

A hydrant use permit must be obtained by contractors seeking to use Company-owned public fire hydrants as a temporary source of water. A fee in accordance with that set forth under Service Classification No. 8 (Miscellaneous Service-Hydrant Use Permits) of this Tariff will be charged to the Applicant for water that will be used through each authorized hydrant connection which shall be provided by the Company. The fee is payable at the time the permit is issued. Hydrant use permits will be issued beginning on April 1 and expire at the close of business on October 31 of the same year. The Company shall have the right to deny the issuing of a hydrant use permit where it determines that the Applicant's use of the hydrant will have detrimental effect on the Company's water quality.
