The questions in this section are designed to assist the utility in placing you on the proper and the most beneficial service classification. The utility may rely on this information in classifying your service.

The cost of service may be different under different service classifications. There are eligibility requirements for each service classification. A customer may be eligible for service under more than one classification and one may be more beneficial than another. The rate schedule which describes each service classification in detail may be examined in any utility business office.

WARNING: If the information provided by you in this section is inaccurate or incomplete, you may be subject to backbilling on the correct service classification, or you may be precluded from receiving a refund for overcharges based on the correct service classification, or you may be precluded from receiving a refund for overcharges based on the correct service classification.
