**SERVICE CLASSIFICATION NO. 11
LOAD AGGREGATION (CONTINUED)**

LOAD AGGREGATION SERVICE: (continued)

4. Release of Storage:

- A. Release of Storage - Storage Demand and Storage Capacity will be released to Marketers participating in Monthly Balancing Service on behalf of customers in a prearranged storage release transaction at Maximum Demand Rates in accordance with the release provisions of the tariff of storage operator. The term of each such release will be for one calendar month. DTI GSS storage demand is released on behalf of a given customer equal to fifty-five (55%) of their Maximum Peak Day Quantity as further defined in Leaf 171. The customer's storage capacity will be equal to fifty-five percent (55%) of their Maximum Peak Day Quantity times 52.3 days, provided the customer has a positive thermal response. The Company reserves the right to change the capacity and allocation, as needed, to maintain the Company's system reliability.
- B. Release of Storage Transportation - Storage transportation capacity will be released to Marketers participating in Monthly Balancing Service on behalf of customers in a prearranged storage release transaction at Maximum demand rates in accordance with the release provisions of the tariff of the applicable pipeline. The term of each such release will be for one calendar month. All releases will be made subject to the following conditions: (i) the capacity is recallable by Niagara Mohawk when a customer elects to change Marketers; (ii) the capacity is recallable by Niagara Mohawk when a Marketer fails to perform its obligations under this tariff; (iii) the capacity is recallable by Niagara Mohawk when a Marketer ceases to meet the credit or security requirements of this service classification and (iv) the capacity is recallable by Niagara Mohawk if the customer discontinues service under this service classification. Storage transportation capacity is released on behalf of a given customer equal to fifty-five percent (55%) of their Maximum Peak Day Quantity as further defined in Leaf 171, provided the customer has a positive thermal response. The Company reserves the right to change the capacity and allocation, as needed, to maintain the Company's system reliability.
- C. Recall - All releases under Paragraph 3 and 4 will be made subject to the following conditions: (i) the capacity is recallable by Niagara Mohawk when a customer elects to change Marketers; (ii) the capacity is recallable by Niagara Mohawk when a Marketer fails to perform its obligations under this tariff; (iii) the capacity is recallable by Niagara Mohawk when a Marketer ceases to meet the credit or security requirements of this service classification and (iv) the capacity is recallable by Niagara Mohawk if the customer discontinues service.
