

P..S.C. NO. 214 ELECTRICITY
NIAGARA MOHAWK POWER CORPORATION
INITIAL EFFECTIVE DATE: 01/01/08

LEAF: 72
REVISION: 19
SUPERSEDING REVISION: 18

SERVICE CLASSIFICATION NO. 4
TRAFFIC CONTROL - UNMETERED SERVICE

APPLICABLE TO USE OF SERVICE FOR:

Traffic control, ancillary enforcement devices and operating control equipment owned, installed and maintained for the State of New York, for counties, townships, cities and incorporated villages, municipal corporations for duly constituted public agencies, public authorities, and public corporations, and for individual customers for which the appropriate governmental body has issued the appropriate permits where the Company has facilities to the unmetered service.

CHARACTER OF SERVICE:

Service shall be continuous, alternating current, approximately 60 hertz, and at appropriate voltages designated by the Company.

APPLICATION FOR SERVICE:

Written application for service upon Company's Form "TC" is required. When accepted by the Company, such application shall constitute an agreement for service.

STANDARD TARIFF CHARGES:

Distribution Delivery Charge for all Load Zones:

Basic Service Charge, per location	\$23.14
Transmission Charge, per kWh, for all Load Zones:	\$0.00572

A location is defined as a distinct geographic area of managed traffic approximately 500 feet in any direction from the customer's controller equipment, whereas traffic will consist of any powered/unpowered vehicular or pedestrian transport and whereas managed refers to any equipment or device, operating from a single electrical source point directly or indirectly utilized for the purpose of controlling traffic flow, maintaining safety, supporting regulatory enforcement and/or providing pertinent information. A location may consist of multiple intersections inclusive of their associated traffic control equipment provided compliance with all other characteristics of a location as stated above.

Competitive Transition Charges, per kWh:

Load Zones A, B	\$0.00000
Load Zones C, D, E	\$0.00000
Load Zone F	\$0.00000

Company Supplied Electricity Supply Service Charges:

Company supplied Electricity Supply Service Charges shall be set according to the market price of electricity determined in accordance with Rule 46, Electricity Supply Cost of the General Electric Tariff.

Issued By: William F. Edwards, President, Syracuse, New York
