31. CURTAILMENT OF GAS SERVICE (Cont'd)

C. Method of Curtailment

1. Curtailment will proceed through the priorities starting with Priority 1, and will require curtailment of consumption by the affected customer after not less than two hours notice by telephone or otherwise. The Company will notify customers when curtailment of consumption is no longer required.
2. Curtailment within each priority shall be made on a pro rata basis except that curtailment of firm residential requirements will be by individual customers in descending order based on volume of gas used.
3. When necessary to meet high-priority customer demand, Central Hudson will acquire gas intended for lower priority customers at the citygate. Retail suppliers/direct customers whose gas is diverted by Central Hudson will be required to continue making nominations of gas throughout the curtailment period up to their maximum delivery obligation as directed by Central Hudson, unless qualified upstream force majeure interruptions or curtailments prevent retail suppliers/direct customers from securing or delivering such supplies. During a curtailment period, Central Hudson shall make all reasonable efforts to inform non-responding retail suppliers/direct customers that required actions are not being taken. Lack of such notice shall not relieve any retail supplier/direct customer of its obligations.
4. The Company reserves the right to curtail services outside the order listed in order to protect the efficient operation of the system.
