

PSC No: 120 - Electricity  
New York State Electric & Gas Corporation  
Initial Effective Date: November 1, 2007

Leaf No. 117.6  
Revision: 3  
Superseding Revision: 1

#### GENERAL INFORMATION

### 25. Supply Service Options

Supply Service Options effective January 1, 2007 – December 31, 2007 are contained within Section 25.II.

Supply Service Options effective January 1, 2008 are contained within Section 25.I.

#### I. Supply Service Options effective January 1, 2008

The Commission's Order Establishing Commodity Program, issued and effective August 29, 2007 ("NYSEG Supply Service Plan") in Case 07-E-0479, sets forth the electric pricing options available to customers beginning January 1, 2008. The annual Commodity Option Period will be January 1 through December 31. Enrollment for each one-year period will last for two months, beginning November 1.

##### A. Supply Service Options

Beginning November 1 of each year, NYSEG will offer a Retail Access choice and Non-Retail Access choices, as described below, to be effective the following January 1. These Supply Service Options are available to all customers, except as noted herein and in Section 25.I.F.

1. ESCO Price Option (EPO): This Retail Access choice includes fixed charges for NYSEG delivery service and a fixed Transition Charge (Non-Bypassable Charge [NBC] described in Section 25.I.B.). An ESCO provides Electric Power Supply to the customer.
- 2.a. NYSEG Default Supply Option (DSO): This Non-Retail Access choice is available to customers billed at a non-demand metered rate, which includes residential Service Classification Nos. 1, 8 and 12, non-residential Service Classification Nos. 5, 6 and 9, and non-demand billed SC11 customers within PSC No. 120, and PSC No. 121 Street Lighting customers. This option includes fixed components for NYSEG delivery service, a fixed Transition Charge (Non-Bypassable Charge [NBC] as described in Section 25.I.B.), a fluctuating commodity charge for electricity supplied by NYSEG which will reflect a managed mix of supply resources, and a Merchant Function Charge (MFC) as described in Section 25.I.D.
- 2.b. NYSEG Variable Price Option (VPO): This Non-Retail Access choice is available to customers billed at a demand metered rate, which includes non-residential Service Classification Nos. 2, 3, and 7 who are not mandatorily participating in Hourly Pricing, and demand billed SC11 customers within PSC No. 120. This option includes fixed components for NYSEG delivery service, a fixed Transition Charge (Non-Bypassable Charge [NBC] as described in Section 25.I.B.), a fluctuating commodity charge for electricity supplied by NYSEG which will reflect the market price of electricity, and a Merchant Function Charge (MFC) as described in Section 25.I.D.

Issued in compliance with order in Case No. 07-E-0479 dated 08/29/07.
