

P.S.C. No. 1 – Water  
United Water Westchester Inc.  
Initial Effective Date: January 11, 2009

Leaf No. 31  
Revision: 0  
Superseding Revision: 0

- (g) A detector check valve with by-pass shall be furnished and installed by the Customer just inside the building wall or other convenient location on the Customer's premise between any unmetered outlet connection and any general service connection.
- (h) The private fire service connection from the main to the property line, including all necessary valves, shall be furnished, installed and maintained at the expense of the company.

## 20. TERMINATION OF RESIDENTIAL AND NON-RESIDENTIAL SERVICE

### 20.1 Conditions for Termination

- (a) Except as provided in Section 27 of this tariff and paragraph (20.1) (b) of this Section, the Company may terminate service to a customer only if it provides advance final notice of the termination and fulfills all other requirements of this section when the customer:
  - i. fails to pay any tariff charges that reflect service used during the preceding 12 months, for which a written bill in conformance with Section 6.8 of this tariff has been sent;
  - ii. fails to pay any tariff charges that reflect service used before the preceding 12 months, for which a written bill in conformance with Section 6.8 of this tariff has been sent, in any of the following situations:
    - a. when there was a billing dispute during the preceding 12-month period;
    - b. when there was excusable Company delay;
    - c. when the customer's culpable conduct caused or contributed to the delay in billing; or
    - d. when the changes are necessary to adjust estimated bills;
  - iii. fails to pay amounts due under a payment agreement;
  - iv. fails to pay, or agree in writing to pay, equipment and installation charges relating to the initiation of service; or
  - v. fails to pay a required deposit, if in accordance with Section 5 of this tariff.
