SERVICE CLASSIFICATION No. 7
Interruptible Transportation Service (Continued)
(Rate Codes: 710, 710A, 711, 720, 721)

c.
Notice of Interruption: "KeySpan Energy Delivery" is deemed to have provided adequate notice if the Company has made a good faith effort to notify by attempting to call the telephone number designated by the Customer in the Interruptible Transportation Agreement for purposes of such notification whether or not the Customer is available to answer such call.

d.
Remote Reading Devices: A Customer is required to have a remote reading device installed for service under this Service Classification. Customers transferring from a firm service are required to pay, prior to the initiation of service, the cost of the remote device that exceeds the cost of a non-remote meter. A Customer must provide and maintain a dedicated telephone connection point within fifteen (15) feet of the remote reading device and bear all applicable telephone charges for communicating meter usage information to the Company.

e.
Service Separately Metered: Service rendered hereunder shall be for a single Customer at a single location and is not available to subtractive metered accounts. Service provided under this Service Classification shall be separately metered and shall not be combined with service provided by the Company under any other Service Classification, except under Service Classification No. 4.

f.
Penalties: For gas consumed in violation of this Service Classification without the express written authorization of the Company, an additional charge of either (1) two times the sum of the Market Price for natural gas delivered to the Company's city gate on the day of violation plus the transportation rate the Customer would be subject to if it was a transportation Customer, or (2) nine times the applicable sales rate, or (3) two times the per dth equivalent of the Market Oil Price, whichever is higher. All charges are subject to all utility taxes and surcharges. Market Gas Price shall be defined as the city gate delivered market price for natural gas on the days of interruption as quoted by "Gas Daily". Market Oil Price shall be defined as the No. 2 .3% Sulfur New York Barge Consumer price as quoted by "Journal of Commerce". Where a condition is experienced by the consumer which prevents the required transfer from gas, the Customer agrees to immediately notify the Company and to take immediate action to correct such condition, and to notify the Company when such condition has been corrected.

f.
In addition, the Company reserves the right to discontinue service immediately to the Customer or to the premises where there is failure to comply with Special Provision (1) of this Service Classification.

g.
Reassignment of Gas: A Customer that takes service under this Service Classification must take delivery of the gas at its facilities and may not remeter (or submeter), resell, assign, or otherwise dispose of the Customer-owned gas to others for delivery at other facilities on the Company's system.
