Leaf No. 127.31.1
Revision: 0
Superseding Revision:

GENERAL INFORMATION

10. GENERAL RETAIL ACCESS - MULTI-RETAILER MODEL (Cont'd)

G. Gas Balancing Service (Cont'd)

A) S.C. No. 3 or SC 7 (annual use greater than or equal to 35,000 therms) Daily Balancing Service

S.C. No. 3 or S.C. No. 7 Daily Balancing Service is a process wherein the Company accommodates the difference, on a daily basis, between the actual usage of the ESCO's S.C. No. 3 Customer service points, grossed up for losses, and the quantity of gas delivered by the ESCO to the Company's system for such service points. This difference may be either positive or negative. Any such daily differences will be cashed out using the process detailed below. Such daily cashouts shall be summed up and charged or credited to the ESCO on a monthly basis. It is the ESCO's responsibility to nominate, on a daily basis, those volumes that it expects its Customer service points to consume, utilizing the daily meter read data for those service points, provided by the Company.
