NIAGARA MOHAWK POWER CORPORATION  
INITIAL EFFECTIVE DATE: 03/16/06

LEAF: 168  
REVISION: 1  
SUPERSEDING REVISION: 0

**SERVICE CLASSIFICATION NO. 10  
NATURAL GAS VEHICLE SERVICE (CONTINUED)**

**TERM:**

The initial term of service is one year commencing with the first day of the month in which natural gas vehicles are able to begin refueling. Service will be continued from year to year thereafter unless terminated by advance written notice of either party to the other, given at least thirty (30) days prior to the applicable annual termination date or at any time by order of the Public Service Commission of the State of New York. The Company may terminate service in the manner provided by law and the rules and regulations set forth in this Gas Tariff.

**SPECIAL PROVISIONS:**

1. Service under this Service Classification shall be separately metered. The entire expense of installing facilities necessary to accomplish such separate metering shall be borne by the customer.
2. Written application upon Company's prescribed forms is required.
3. Applications for Interruptible Service, under this Service Classification will be accepted only when and to the extent that the Company in its judgement, has sufficient natural gas supply available after providing for the requirements of firm customers, interruptible customers already taking service, and Company use.
4. Interruptible service is provided hereunder only to customers maintaining standby facilities or who are located within a twenty-five mile radius of either a public refueling facility or a Company owned and operated refueling facility.
5. Interruptible gas supplied hereunder may be interrupted at the sole discretion of the Company at any time, upon not less than two hours prior written or oral notice to the customer. The customer shall thereupon discontinue use of the Company's service as requested. The Company will endeavor to provide more than two hours notice whenever possible.
6. The customer agrees that if he/she fails to discontinue their use of service as requested by the Company, all gas taken during such period of requested interruption in excess of the amount the customer is permitted to take, shall be billed at the stated rate in effect at the time, the rate currently effective per Dth of unauthorized usage in accordance with Rule 3.3.1 of this schedule. The Company reserves the right, however, to terminate service under this Service Classification for failure of the customer to discontinue use of service when requested by the Company. Customer will be responsible for all claims made against the Company and for all other Company costs associated with the loss of the integrity of the Company's distribution system as a result of the customer's failure to discontinue the use of service as ordered by the Company.
7. The Company may install, at its own expense, special equipment for monitoring the customer's total gas use. Cooperation by the customer shall be required for the installation of telephone lines and electrical circuits required for such monitoring.
8. The Company reserves the right to refuse service under this Service Classification if it has been determined that the customer's vehicles and the equipment necessary for the vehicles to be powered by compressed natural gas do not meet Company requirements as to safe design, construction and installation.
