

PSC NO. 4 GAS
ORANGE AND ROCKLAND UTILITIES, INC.
INITIAL EFFECTIVE DATE: November 1, 2003

LEAF: 94.14
REVISION: 0
SUPERSEDING REVISION:

GENERAL INFORMATION

SERVICE CLASSIFICATION RIDERS:

RIDER B (Continued)

DETERMINATION OF CONTRACT DEMAND: (Continued)

Such estimate shall be submitted on a form provided by the Company that is completed and signed by a Professional Engineer retained by the customer. If the customer fails to supply a Contract Demand for the initiation of service hereunder, the Company will establish the Contract demand using the best available information.

If the customer's Peak Demand occurring during any monthly billing period exceeds the initially established Contract Demand, such higher Peak Demand shall become the Contract Demand for that month and each month thereafter until exceeded by a still higher Peak Demand, which in turn shall likewise be subject to the foregoing conditions. At any time a customer may request, in writing, a prospective change in its Contract Demand, to a higher or lower level, subject to the same requirements for the initiation of service under this Rider. The customer's application must demonstrate, to the Company's satisfaction, that there have been permanent changes to the customer's gas usage due to physical changes in the customer's Distributed Generation Facility or changes in kind of business or activity conducted that will result in a permanent increase or decrease in the customer's Contract Demand. Changes in anticipated weather patterns shall not constitute permanent changes for purposes of a customer qualifying for an increase or decrease in Contract Demand.

METERING AND COMMUNICATIONS EQUIPMENT:

Customers will be responsible for the cost of the metering equipment and the installation and maintenance costs associated with such equipment required to provide service hereunder. The Company will furnish, install and maintain such metering equipment, except as indicated below. Customers will be required to pay for the capital cost of such metering equipment including the cost to install such equipment prior to the initiation of service hereunder. Customers will be required to pay annually the actual costs incurred by the Company in maintaining such equipment.

Issued in compliance with order in Case 02-M-0515 dated 04/24/03
