RIDER H

Applicable to Service Classification Nos. 2 and 9
(Subject to the provisions thereof)

Distributed Generation Rate

(G) Special Provisions - Continued

(1) - Metering and Communications Equipment: - Continued

In cases where the Company is unable to read the meter through a Customer provided telephone line, and the Company has determined that the problem is not caused by the Company's meter or equipment, the Customer will be assessed \$50.00 on each monthly cycle billing date until the condition is corrected. For each billing cycle the telephone line is not operational, the Company shall make, and charge the customer for a special meter reading in accordance with the provision in General Information Section IV (3)(b) of this Rate Schedule. If the Company is unable to obtain a meter reading, an estimated bill will be issued.

- (2) Customers with a Distributed Generation Facility having a rated capacity of less than 5 MegaWatts may elect to be billed at the rates and charges set forth under Rate II of this Rider, provided that they pay for the costs of the necessary metering and communication equipment applicable to Rate II Customers. Customers electing this option must provide the Company with a Contract Demand in accordance with Section (D) herein prior to the commencement of billing under Rate II of this Rider.
be issued.
- (3) Separate service lines will not be required for distributed generation service and non-distributed generation service under this Rider. However, if existing services and upstream distribution facilities are inadequate, the Customer shall be responsible for all incremental costs incurred by the Company. Customers taking service under this Rider will be charged for additional facilities pursuant to the provisions in the Company's Gas Tariff.
