

PSC NO. 90 Gas
NEW YORK STATE ELECTRIC & GAS CORPORATION
 Initial Effective Date: 11/1/03

Leaf: 95
 Revision: 4
 Superseding Revision: 3

GENERAL INFORMATION

15. BILL MITIGATION PLAN: (CONT'D)

E. Bill Format: (Cont'd)

- (3) In the event the application of the Mitigation Rate to any SC-13T customer's bill results in a negative total NYSEG gas bill, the Mitigation Rate (and associated Mitigation Deferral) will be adjusted to result in a zero amount due on the bill.
- (4) Beginning the first month after completion of the phase-in, a surcharge equal to the Mitigation Adjustment will be applied to the TS line item of SC-01S and SC-13T customers' bills.
- (5) The applicable terms for this option are those associated with SC-01S and SC-13T.

16. TRANSITION SURCHARGE (TS):

Except as noted below, the TS is applicable to the following:

PSC 87 Sales:

- | | |
|-------|---|
| SC 1 | - Residential Service |
| SC 2 | - General Service |
| SC 5 | - Seasonal Gas Cooling Service |
| SC 8 | - Firm Sales To Large General Service |
| SC 9 | - Industrial Manufacturing and Processing |
| SC 10 | - Non-Residential Distributed Generation Firm Sales Service |

PSC 88 Transportation:

- | | |
|-------|--|
| SC 1 | - Firm Transportation Service |
| SC 4 | - Large Firm Transportation Service |
| SC 5 | - Small Firm Transportation Service |
| SC 13 | - Residential Firm Aggregation Transportation Service |
| SC 14 | - Non-Residential Firm Aggregation Transportation Service |
| SC 16 | - Non-Residential Distributed Generation Firm Transportation Service |

A statement of the Transition Surcharge (TS) will be filed with the PSC no later than three (3) days before its effective date.

Issued in compliance with order in Case 02-M-0515 dated 04/24/03.

Issued by: James A. Lahtinen, Vice President - Rates & Regulatory Economics, Binghamton, NY
