

PSC NO. 90 Gas
NEW YORK STATE ELECTRIC & GAS CORPORATION
Initial Effective Date: 07/28/03
Effective:

Leaf: 9
Revision: 11
Superseding Revision: 10

GENERAL INFORMATION

2. RULES RELATING TO THE INSTALLATION OF MAINS, SERVICES, EXTENSIONS, ETC.: (CONT'D)

H. Charges for Additional Facilities: (Cont'd)

- (g) In lieu of a surcharge, the applicant, upon mutual agreement with the Company, may provide a cash contribution or other equitable arrangement equal to the cost of the main extension in excess of 100 feet distance (per applicant) from the end of the nearest main appropriate to the service requested.
 - (i) whenever more than one (1) customer is initially connected to the extension, the cash contribution shall be reasonably allocated to the several customers served from the extension.
 - (ii) should additional customers be connected to said main extension during the initial ten year period from the date placed in service, a pro rata refund will be made for the cost of that additional portion of main extension which the Company would have allowed without charge or surcharge.
- (h) Upon mutual agreement of both Company and applicant, an applicant may provide a guarantee of performance, in lieu of the contribution required in Section 2.H.(1)(g) of this Schedule.
- (2) If, in order to provide service to an applicant, the Company must install service lines, service connections and appurtenant facilities in addition to those required to be provided without charge, the applicant shall pay the Company's actual costs and expenses for said facilities.

Customers may install, at their own expense, service lines or trench (beyond that required to be provided by the Company without charge) in accordance with such rules and regulations for the construction thereof as may be filed in the Schedules of the Company. Before service is supplied to any location, all piping and equipment must be inspected and approved by the inspector of the Company.
