### **SERVICE CLASSIFICATION NO. 1 (Cont'd)**

#### **STREET LIGHTING SERVICE**

#### **SPECIAL PROVISIONS: (Cont'd)**

3. The Company and customer agree that:

- A. At customer option, the Company will maintain from its standard system inventory, conduits, pull boxes (handholes or manholes), pole bases and poles that are owned by customer, and which meet, and are installed in accordance with the Company's specifications; customer shall pay to the Company the actual cost of labor and material, including applicable overhead expenses, incurred in carrying out such work.

Customer may also elect to have Company continue to maintain, from its standard system inventory, such other street lighting facilities that are owned by customer as are now maintained by the Company under contracts in effect as of the effective date of this Schedule; provided that such maintenance by Company shall not be expanded or enlarged and provided further that customer shall pay to the Company the actual cost of labor and material, including applicable overhead expenses, incurred in carrying out such work.

- B. From time-to-time, the customer may require the temporary shut-off of such lamps as customer designates, provided that the shut-off period shall not be less than a period of 24 hours. Neither such shut-off, nor the subsequent turn-on of such lamps, shall be required on Saturdays, Sundays, holidays, or at other than during the Company's normal business hours.

The customer shall pay the Company's costs and expenses of such shut-offs and subsequent turn-ons. During the period that any lamp is so shut-off the customer shall continue to pay all of the applicable charges for such lamp and other facilities under this Service Classification No. 1.

- C. The Customer may, at its option, elect to purchase the portion of the Company's street lighting system being used to serve the customer. The following guidelines will apply to any sale of the Company's street lighting facilities:
- i. A customer desiring to purchase the street lighting system being used to serve it shall inform the Company in writing of such desire, and indicate which portion of that system it desires to purchase. The lights to be purchased must be contained in single contiguous geographic area, defined as being an area bounded on all sides by a public right of way and containing all area within those bounds. If the geographic area contains series lighting circuits, all the lights on those circuits must be purchased, even if such circuits extend outside the contiguous area.
