GENERAL INFORMATION

PART II - RULES AND REGULATIONS

6. EXTENSION AND MAINTENANCE OF DISTRIBUTION PROVIDER FACILITIES (Cont'd)

C. PERMANENT SERVICE LATERALS (Cont'd)

(2) **Underground Service Lateral Supplied from an Existing Residential Subdivision Underground Distribution System**

The Distribution Customer shall be responsible for all Distribution Provider costs and expenses for that portion of the service lateral on the Retail Customer's property in excess of the service line allowance under Rule 6.B.(1).

(3) **Underground Service Lateral Supplied from an Overhead Distribution System**

The Distribution Customer shall be responsible for all Distribution Provider costs and expenses for the service lateral from the connection point on the distribution line to the service entrance, less an allowance as specified in Rule 6.B.(1) for residential installations.

(4) **Combination Overhead and Underground Service Lateral**

The Distribution Customer shall be responsible for all Distribution Provider costs and expenses for the service lateral, less an allowance as specified in Rule 6.B.3.

(5) **Relocation of a Service Lateral**

The Distribution Customer shall be responsible for all Distribution Provider costs and expenses of relocating a service lateral unless the relocation requires only a reconnection or is for Distribution Provider convenience.

(6) **Replacement of an Overhead Service Lateral with an Underground Service Lateral**

The Distribution Customer shall be responsible for all Distribution Provider costs and expenses of replacement of an overhead service lateral with an underground service lateral from the connection point on the distribution line to the service entrance, if requested by the Distribution Customer or mandated by governmental authority. When replacement of overhead facilities with underground facilities is required due to increased service capacity, Rule 6.C.(7) shall apply.
