Rochester Gas and Electric Corporation
Initial Effective Date: June 1, 2003

Leaf No. 49
Revision: 0
Superseding Revision:

GENERAL INFORMATION

PART II - RULES AND REGULATIONS

4. OPERATIONAL ISSUES (Cont'd)

G. **POWER QUALITY (Cont'd)**

(3) **Correction/Remediation (Cont'd)**

- (a) Installing and maintaining, at the Distribution Customer's expense, corrective equipment on the Distribution Customer's or Retail Customer's facilities to remedy the condition; or
- (b) Ensuring that the Retail Customer, at its own expense, installs and maintains such equipment on its facilities; or
- (c) Paying the costs and expenses for installation of corrective equipment by the Distribution Provider, on its side of the point of delivery, to effect such correction.

If the Retail Customer has initiated contact directly with the Distribution Provider, the Retail Customer shall be responsible for correcting and paying for that condition in a manner deemed adequate by the Distribution Provider.

H. **AGGREGATION**

Two or more Distribution Customers may designate an agent, or Aggregator, to act on their behalf in coordinating their forecasting and energy delivery scheduling function, in accordance with the NYISO Transmission Tariffs and any applicable operating manuals, subject to the conditions set forth below.

(1) **Designation of Aggregator**

The Distribution Customers shall, by written and signed statement, designate an Aggregator which may be, but need not be, one of the Distribution Customers. The Aggregator shall act as agent for the Distribution Customers it represents with respect to the forecasting and scheduling of energy deliveries in the manner required by this Tariff. The acts and representations of the Aggregator in performing these functions shall be considered to be the acts and representations of each of the Distribution Customers, and shall be binding upon them. The Distribution Customers shall be responsible in all respects for compliance with the terms of this Tariff.

(2) **Forecasts**

The Aggregator shall provide to the Distribution Provider a copy of all forecasts required by the NYISO, in accordance with the Distribution Provider's Distribution Customer Manual.

(3) **Resource Schedule Delivery**

The Aggregator shall provide to the Distribution Provider a copy of all schedules required by the NYISO, in accordance with the Distribution Provider's Distribution Customer Manual.
