## **SERVICE CLASSIFICATION NO. 12**

### **POWER FOR JOBS**

#### **PURPOSE:**

This Service Classification is designed to implement, within the Entire Territory, the provisions of Chapter 316 of the New York Laws of 1997, which authorizes certain allocations of firm power and energy generated at the New York Power Authority's ("NYPA's") James A. Fitzpatrick Plant and purchased under a competitive procurement process (referred to in this tariff as "Power for Jobs"). Such implementation is conditioned upon entry by the Company and NYPA into a "Power for Jobs Purchase and Resale Agreement" and upon the physical availability of Power for Jobs. Eligibility of individual customers is also conditioned upon compliance with the Eligibility Criteria described below.

#### **DEFINITIONS:**

"Parent Service Classification" shall mean the Service Classification in this Tariff that would apply to the customer in the absence of a Power for Jobs allocation. For purposes of this Service Classification, Service Classification Nos. 3, 7 and 8 are eligible to qualify as Parent Service Classifications.

"Power for Jobs Contract Demand" shall be the level of demand specified in the customer's Power for Jobs allocation which NYPA is contractually obligated to supply.
