RATE CHOICES AVAILABLE TO CUSTOMERS: (CONT'D.)

3. NYSEG Fixed Price (BRO) (Cont'd.)

** The rate for NYSEG's Fixed Price (BRO) may be revised every six months on April 1 and October 1 of each year to reflect increases in the cost of providing fixed commodity service. The revised rate will be calculated using the methodology approved by the Commission in Case No. 01-E-0359 for calculating the commodity portion of BRO prices. Such revised rate will be utilized only if greater than the initial BRO rate effective January 1, 2003. However, the revised rate will be applicable only to a customer who chooses or is placed on the NYSEG Fixed Price (BRO) rate or the NYSEG Fixed Price with Supply Credit (BRO w/RAC) rate, on or after the effective date of the revision. The revised rate remains in effect for such customers through December 31, 2004, regardless of whether the customer chooses the BRO rate or BRO w/ RAC rate.

NYSEG will file such revised BRO rates with the Public Service Commission not less than three days prior to the effective date of the revised rate.

4. NYSEG Variable Price (VRO)

This Non-Retail Access choice includes a fixed component for NYSEG delivery service, a fluctuating Transition Charge (Non-Bypassable Wires Charge ["NBWC"]) and a commodity charge for electricity supplied by NYSEG which fluctuates with the market price of electricity.
