GENERAL INFORMATION**SERVICE CLASSIFICATION RIDERS:****RIDER B (Continued)****ELIGIBILITY:**

Available to any commercial or industrial customer who is eligible to take service under Service Classification Nos. 1, 2, or 6 of this Rate Schedule, upon written application and acceptance by the Company, subject to the provisions of this Rider and the applicable provisions of the customer's otherwise applicable service classification. A customer's initial and continued eligibility for service hereunder is contingent upon the customer maintaining an Annual Load Factor of at least 50 percent for its gas use.

For purposes of determining a customer's initial eligibility for service hereunder, the customer shall provide the Company with a reasonable estimate of customer's Winter Peak Day Gas Usage and the customer's annual gas usage during the first year of operation of the customer's Distributed Generation Facility, with the first year commencing after a three-month start-up phase. Such estimate shall be submitted on a form provided by the Company, as set forth in the Company's Gas Transportation Operating Procedures, which is completed and signed by a Professional Engineer retained by the customer.
