GENERAL INFORMATION

2. General Rules, Regulations, Terms and Conditions: (Cont'd)

XV. Forms: (Cont'd)

D. Form of Application for Outside Gas Service Piping: (Cont'd)

I understand that when gas service piping is installed under normal weather conditions, the company will backfill the trench, remove excess excavation and leave my property in a neat condition. When the work is done under winter conditions, I understand the trench will be backfilled to the extent feasible and that I am responsible for further backfilling which will be required and for the removal of excess dirt. In neither case will the company resod grass disturbed in making the installation of gas service piping.

I AGREE THAT GAS WILL NOT BE USED FOR SPACE HEATING IN THE ABOVE DESCRIBED PREMISES UNTIL I HAVE RECEIVED A WRITTEN GAS HEATING PERMIT FROM THE COMPANY FOR SUCH PREMISES.
