35. RETAIL ACCESS PROGRAM (Cont'd)

A. CUSTOMER ELIGIBILITY

To be eligible for service under the Retail Access Program (Service Classification Nos. 1, 2, 3, 5, 6, 8, 13 and 14) the customer must:

- (a) meet the eligibility criteria set forth in one of the above tariffs; and,
- (b) assist and allow the collection of data and information necessary to evaluate the program; and,
- (c) agree to subscribe to the services of only one Retail Supplier at a time per meter, excluding meters through which a Power for Jobs (PFJ) allocation is received. A customer receiving a PFJ allocation through a given meter may choose to purchase energy and capacity from a single retail supplier to meet the remainder of its load at that meter.

A customer with a demand of at least one megawatt, may act as his own Retail Supplier (Direct Customer) to obtain energy and capacity from a generator and requisite transmission services from transmission providers to interconnect with the Central Hudson system subject to the applicable terms and conditions of Central Hudson's Retail Access Program. A Direct Customer may aggregate and schedule load for a group of Direct Customers without applying to the NYS Department of Public Service to become a Retail Supplier

B. CUSTOMER ENROLLMENT

Customer enrollments or switch of electric suppliers will occur on the sooner of the regular or special meter reading date. A special meter reading to initiate the switch of a customer may be arranged for a twenty-dollar (\$20) fee.
