**SERVICE CLASSIFICATION NO. 9 - Continued****TRANSPORTATION SERVICE - Continued****Miscellaneous Provisions - Continued****(C) Terms of Payment and Billing - Continued****(4) Dual Billing**

Unless the Customer is receiving a consolidated bill as explained below, the Company will issue bills to a Firm Gas Transportation Customer for rates and charges contained in this Rate Schedule and for charges for other Company services, and the Marketer will issue a separate bill for its charges.

**(5) Consolidated Billing**

If the Company and a Marketer agree that one party will perform consolidated billing and payment processing services on behalf of the other, the billing party will issue Consolidated Bills to the Customer. The term "Consolidated Bill" means a bill that combines the Company's charges and a Marketer's charges. Billing and payment processing services for consolidated utility billing are governed by the terms and provisions of retail access billing and payment processing practices, as specified in the UBP, and by such other terms and conditions not inconsistent with otherwise applicable laws, regulations, and Commission Orders as reflected in a Billing Services Agreement between the Company and the Marketer. A Consolidated Bill shall include a bill issued by the Marketer under agency billing, until Electronic Data Interchange ("EDI") is operational for bill-ready Marketer consolidated billing.

A Firm Transportation Customer who obtains a Consolidated Bill from either the Company or a Marketer will receive a \$0.65 billing credit per monthly billing cycle. The Customer will receive one credit per monthly billing cycle for a combined electric and gas service account.

For Consolidated Bills issued on or after February 3, 2004, Customer payments shall be allocated and prorated in accordance with the Uniform Business Practices, the Home Energy Fair Practices Act (Public Service Law, Article 2), and applicable orders of the Commission.
