Issued in Compliance with Order of the Public Service Commission dated December 19, 2003 in Case Nos. 98-M-1343, 99-M-0631, and 03-M-0017

SERVICE CLASSIFICATION NO. 9 - Continued**TRANSPORTATION SERVICE - Continued****Operational Matters - Continued****(E) Measurement of Receipts and Heating Value Adjustment:**

Quantities of gas received by the Company at the Receipt Point for the Customer's account shall be measured in accordance with the measurement provisions of the tariff of the interstate natural gas pipeline company which delivers the gas to the Receipt Point. Volumes of gas delivered by the Company and registered at the Customer's meter in Ccf shall be converted to therms, in accordance with General Information Section III 8 (S).

(F) Hourly Flexibility:

The Company shall make available to the Customer as much hourly flexibility in the rate of gas deliveries as does not reduce the flexibility of, or impair, or interfere with other operations on the Company's system and does not impose additional expense on the Company.

(G) Termination and Suspension of Transportation Service:

A Marketer may not physically disconnect a transportation Customer's gas service.

A Marketer may request the Company to suspend transportation service to a residential transportation Customer or a two-family dwelling who receives Consolidated Bills or to a multiple dwelling. By submitting a request for suspension of service to the Company in the authorized form, a Marketer represents that it has complied with all statutory and regulatory requirements for termination of supply service and suspension of delivery service.

Suspension will end at the request of the Marketer that requested the suspension. However, if the Marketer has not requested an end to the suspension one year after it terminated commodity service, the Company will restore transportation service at the Customer's request provided the Customer meets tariff and the Home Energy Fair Practices Act (Public Service Law, Article 2) requirements for service restoration.
