SERVICE CLASSIFICATION NO. 14 (Continued)

RATE:

The specific charges for service under this service classification will be stated in the negotiated Service Agreement executed for each customer served hereunder. A summary of the Rates and Charges will be filed with the Public Service Commission, as required, as an addendum to this schedule.

The rate contained in any Service Agreement will, at a minimum, recover the Corporation's marginal cost plus at least 1 cent per kWh ("Marginal Cost Floor"). Such recovery under each Service Agreement will be calculated by using a rolling 12-month methodology. As part of calculating a customer's monthly bill, the Corporation will compare the customer's previous 12-month contracted Service Agreement billed amount to the previous 12-month Marginal Cost Floor amount for the applicable contracted electric usage during that 12-month period. When the contracted Service Agreement billed amount is less than the Marginal Cost Floor amount for that same 12-month period, the Corporation will adjust the customer's current bill to recover that deficiency.
