Single or Three Phase. (Characteristics depend upon available circuits and equipment.)

*Effective February 15, 2000.

SERVICE AGREEMENT:

Upon 30 days notice to the Corporation, and upon acceptance of the application by the Corporation, such a customer's eligible load may qualify for an individual Service Agreement, pursuant to this service classification. The Individual Service Agreement will be negotiated to avoid undue discrimination between similarly situated customers.

The Service Agreement shall contain and specify all terms and conditions necessary for the Corporation to provide such service to the customer, including but not limited to:

- (A) The term of service.
- (B) The characteristics of service in addition to Character of Service listed above.
- (C) A listing of the rates and charges to be paid for services rendered.
- (D) A statement that the customer has met all of the requirements of this tariff, including the following:
 - (1) Customer must provide documentation as to its eligibility under Sections A and B 1. of this tariff. Additionally, customer must agree to the exclusive use of the Corporation's electric energy service during the term of the contract. Customer must also demonstrate proof of the existence of a viable alternative, and its planned procedure to disregard same.
