SERVICE CLASSIFICATION NO. 3

STANDARD STREET LIGHTING SERVICE AND SERVICE AVAILABLE FOR EXISTING AND NEW STANDARD FACILITIES, AND LIMITED CONTIGUOUS EXPANSION

APPLICABLE TO THE USE OF SERVICE FOR:

Street, highway, roadway or other outdoor lighting for duly constituted public agencies, public authorities and public corporations.

The following rates and charges, indicated with an asterisk (*), are applicable only to non-standard equipment installed or contracted for prior to the date of the tariff. Such facilities are no longer available for installation except for limited contiguous expansion of existing facilities upon Corporation approval.

CHARACTER OF SERVICE:

Limited Period-Unmetered service; controlled from dusk (one-half hour after sunset) to dawn (one-half hour before sunrise), for approximately 4213 hours per year, on average.

The customer may designate the following types of service:

- A. Overhead Service, on poles which are a part of the Corporation's general distribution system or the Corporation's poles installed specifically for street lighting. The street lighting equipment is owned and maintained by the Corporation. Such service is available only in those areas where an overhead distribution system is maintained by the Corporation.
- B. Underground Service, supplied from an existing underground circuit or installation of new underground circuit. The street lighting equipment is owned and maintained by the Corporation. Such installations should be in accordance with Section 9 of the General Information section of this tariff.

RATE:

The charge for service each calendar month shall be the sum of one-twelfth of the annual energy charge, plus one-twelfth of the annual charge for luminaires and other facilities in service as of the first of each month.

Note: The rating of lamps in lumens is for identification purposes only and shall approximate the manufacturers standard rating.
