

**PSC NO: 121 ELECTRICITY**  
**NEW YORK STATE ELECTRIC & GAS CORPORATION**  
Initial Effective Date: 12/01/03

Leaf: 25  
Revision: 0  
Superseding Revision:

### **SERVICE CLASSIFICATION NO. 1 (Cont'd.)**

**TERM:**

Five years from the initial rendering of service, including service previously rendered under contract, and thereafter until terminated on 120 day's written notice by either the Corporation or customer.

If the customer requests removal or discontinued operation of a facility, the Annual Charge the customer pays the Corporation will be reduced in accordance with the annual rates specified for each such inoperative or removed facility, as of the next regularly scheduled billing date following removal of said facility. However, the customer will be required to pay actual charges associated with disconnection, reconnection or removal of any such facilities.

**SPECIAL PROVISIONS:**

- A. The customer shall determine and specify the number, size, type and location of luminaires initially to be served hereunder, and may at any time thereafter, upon reasonable written notice to the Corporation, specify additional luminaire locations. Upon acceptance of the application, the Corporation will, within a reasonable time after receipt of written authorization from the customer, furnish and install additional luminaires provided, however, that the Corporation will not be obligated hereunder to install additional luminaires 1) in locations where electric service may not be readily available, or 2) in a contiguous manner when additional luminaires or other facilities are not stocked by the Corporation. In the first situation, provision for the desired service may be made available under provisions of Section 13 of this Schedule.
- B. If, in the sole opinion of the Corporation, Corporation owned facilities become subject to vandalism, the customer shall be required to reimburse the Corporation for all maintenance costs incurred as a result of vandalism.
- C. Non-Standard Equipment: Lamps, luminaires and other equipment not specifically provided for above may be procured and maintained by the Corporation. In such cases, the annual charges for any given lamp type and lumen rating will be as stated in the above schedule of rates. Material charges for non-standard equipment when obtained by the Company, will be invoiced cost plus appropriate handling charges. Spare equipment will not be normally stocked by the Corporation.

The Corporation shall not be obligated to repair or replace in kind any non-standard luminaire. The Corporation will remove the non-standard luminaire or, at the customer's request, replace it with any standard luminaire offered for service at that time for which the customer will be charged the appropriate rates. If the customer elects to not replace the fixture, he will be billed in accordance with the provisions outlined above under TERM.
