## **SCHEDULE A**

### **GAS SERVICE-POINT DISTRIBUTION SERVICE (Cont'd)**

#### **SPECIAL PROVISIONS (Cont'd):**

##### **D. Service Classification No. 7 – Non-Residential Distributed Generation Firm Transportation Service (Cont'd)**

##### **8. Distribution Rate Adjustment Statement**

Not less than three days prior to the first day of each billing period, the Distribution Provider shall file with the Public Service Commission a Statement showing the Service Classification No. 7 charges listed in items i) through iv) of Special Provision A.4, above. The Statement will also list the charges per therm for Daily Balancing Service, and CSC Enhanced Daily Balancing Service. Such charges may be combined for billing purposes.

##### **9. TERM:**

The term of this service classification shall be one (1) year with one-year renewals thereafter. Renewals will only be provided if the Retail Customer maintains at least a 50% load factor unless there are mitigating circumstances as determined by the Company. The Distribution Provider shall review the retail customer usage annually beginning with the anniversary of the commercial operation of the retail customer's DG unit and advise the Distribution Customer serving the retail customer if the load factor falls below 50%. If the load factor falls below 50%, the retail customer will be removed from this rate for a period of 12 months at which time they may reapply, provided they have satisfied the Distribution Provider that the 50% load factor will be met.

##### **10. Additional Provisions:**

- A. Separate service lines for DG usage and non-DG usage shall not be required. However, if existing facilities are inadequate to deliver the additional supplies, the customer shall be responsible for all incremental costs incurred by the Company. DG customers shall pay for system reinforcements pursuant to Rochester Gas and Electric's existing rules set forth in General Information Rule 3.
- B. Distribution Customer's serving DG customers with annual usage greater than or equal to 35,000 therms, are required to pay for daily metering equipment.
- C. DG rates shall apply only to DG usage. Non-DG gas use shall be measured and billed separately from this service classification.
- D. The quantity to be billed under this service classification is the quantity delivered to the Distribution Provider less the allowance for losses in accordance with General Information Section 4.B. of this Schedule.
- E. Daily imbalances, underruns and overruns under this service classification will be calculated and reconciled as set forth in General Information Section 4 of this Schedule.
- F. Where multiple units are installed at one location, the total size of all units metered through one meter shall govern the rates that will apply.
- G. Rates established herein are ceilings which are fixed for at least three years.
