PSC No: 19 - ElectricityLeaf No. 160.36Rochester Gas and Electric CorporationRevision: 1Initial Effective Date: September 30, 2005Superseding Revision: 0Issued under the authority of the PSC in Cases 02-E-1282 and 05-E-0698, issued and effective September 26, 2005.

GENERAL INFORMATION

12. Wind Electric Generating System Option (Cont'd.)

Non-Time-Differentiated / Non-Demand Billed Customers Requesting One Meter (Cont'd.)

For non-time-differentiated, non-demand-billed customers with wind electric generating equipment of <u>more than</u> <u>ten kilowatts</u> that choose to have usage and generation measured through one, standard single energy meter, for any excess customer generation, the Corporation shall provide the customer a credit equal to the product of the positive excess generation balance times the Corporation's avoided cost for energy.

Annual Reconciliation

For all customers taking service under this section, if (a) on an annual basis, during the term of the SIR Contract or (b) on the date the SIR Contract is terminated pursuant to the terms and conditions of said Contract, there exists a positive (kWh) balance in the Credit Account, then the Corporation will issue the customer a cash payment. The payment shall be for an amount equal to the product of the positive Credit Account (kWh) balance times the Corporation's average avoided cost for energy over the most recent 12-month period. The balance in the Credit Account shall be reset to zero once the Corporation makes the cash payment. Upon the Corporation's determination that the customer has taken service under this Rule 12 while in violation of the conditions of service set forth in this Rule 12, the customer shall forfeit any positive balance accrued in its Credit Account during the annual period in which the violation occurred.
