

PSC No: 19 - Electricity
Rochester Gas and Electric Corporation
Initial Effective Date: August 29, 2005
Issued in compliance with order in Case 03-E-1761 issued and effective April 14, 2005

Leaf No. 216
Revision: 2
Superseding Revision: 1

SERVICE CLASSIFICATION NO. 10 (Cont'd)

INDIVIDUAL ELECTRIC SERVICE AGREEMENT:

Determination as to whether or not the Corporation will enter into an Individual Electric Service Agreement will be based on an assessment of the need to retain or expand a Customer's load and the demonstration of economic benefits to non-participating Customers.

Upon 30 days notice to the Corporation, and upon acceptance of the application by the Corporation, a Customer may qualify for an Individual Electric Service Agreement pursuant to this Service Classification.

The Individual Electric Service Agreement shall contain and specify all terms and conditions necessary for the Corporation to provide service to the Customer, including but not limited to:

- (A) The term of service.
- (B) The characteristics of service in addition to Character of Service listed above.
- (C) A listing of the rates and charges to be paid for services rendered.
- (D) A statement that the Customer has met all of the requirements of this Service Classification including the following requirements:
 - (1) If relocation is Customer's competitive viable alternative:

- (a) Customer must provide historic financial documentation as the basis for future financial projections presented for the period for which an Individual Electric Service Agreement is being requested.

The historic financial data and the financial projections should support the need for rate relief to operate in a manner consistent with past practices within the service territory of the Corporation.

- (b) Customer must submit a strategic operating plan for the Customer to continue to operate in a manner consistent with past practices at the existing facility, or to expand at the existing facility, within the Corporation's service territory.
 - b.1. The plan shall include an appropriate showing to the Corporation of the favorable economics and the viability of alternative electricity options. In so doing, the plan shall include an assessment of competitive factors including cost factors within the Customer's market.
