SUPERSEDING REVISION: 3

SERVICE CLASSIFICATION NO. 20 - Continued

TRANSPORTATION RECEIPT SERVICE (TRS) - Continued

Operational Matters – Continued

(C) Balancing Services - Continued

(6) Winter Bundled Sales Service ("WBSS")

A Marketer serving a Firm Service Classification No. 9 Customer or Firm Small Customer Aggregation Group who is also taking either the Company's Load Following Service, Daily Delivery Service, or Daily Cashout Service may elect to take WBSS during the Winter Period (November 1 – March 31) in conjunction with those firm balancing services to meet the requirements of its firm Customers.

For a Marketer electing the WBSS option (such an electing Marketer will also be referred to as a "WBSS participant"), the Company will provide to the Marketer the Winter Bundled Sales Volume ("WBSV") as defined and determined in the manner set forth below:

- a) The Company will determine the total amount of WBSV available to qualified Marketers annually. For the 2005/2006 Winter Period (November 1, 2005 – March 31, 2006), the Company will notify qualified Marketers of the quantity of WBSV available on or before March 18, 2005. For subsequent Winter Periods, the Company will notify qualified Marketers of the WBSV available for the upcoming Winter Period on or before March 9th of each year. For the 2005/2006 Winter Period, a Marketer may elect up to its allocated WBSV by notifying the Company on or before March 31, 2005. For subsequent Winter Periods, a Marketer may elect up to its allocated WBSV by notifying the Company within 10 business days of the Company providing notice of the quantity of WBSV available. The Company is under no obligation to provide WBSV to Marketers who fail to notify the Company within the above schedule.
- b) The WBSS participant's allocated WBSV, including an amount to be retained as an allowance for losses as set forth on the monthly Statement of Rate for Service Classification ("SC") No. 9, will be the ratio of the sum of the MDQ's of the WBSS participant's SC No. 9 Firm Transportation Customers to the total MDQ's of all the firm transportation Customers taking service under SC No. 9 (excluding Power Generation customers, if any). A WBSS participant may elect to subscribe to its entire allocated WBSV, or a lesser amount. The WBSS participant is required to purchase the subscribed WBSV from the Company during the Winter Period. Prior to November 1 of each year, the Company may at its discretion and, with the consent of the WBSS participant, increase the WBSV allocation to WBSS participants depending on the overall subscription level

(Service Classification No. 20 - Continued on Leaf No. 389.2)
