DUAL-FUEL SALES SERVICE (DFSS) - Continued

Rates - Continued

(A) Interruptible Base Rate (Rate 1) - Continued

(1) Posted Rates - Continued

effective on the first calendar day of each month. The Company may increase or decrease the rate level(s), at its sole discretion, at any time during the month upon notice to the Customer given in accordance with the Company's Sales and Transportation Operating Procedures.

The minimum rate shall be set to recover at least the cost of gas applicable to each rate plus one cent per therm. However, if during the period from the effective date of this leaf through April 30, 2001, the minimum rate exceeds the otherwise applicable Firm Service Sales rate, the rate will be set equal to the minimum rate. The rate(s) established by the Company shall not cause the Customer to pay an annual amount greater than the annual amount the Customer would have paid under the otherwise applicable Firm Sales Service Classifications, except as provided below. This calculation shall be made at the end of each Annual Period and shall exclude: (a) any month(s) in the period from January 1, 2001 through April 30, 2001, in which the rate under this Service Classification exceeds the otherwise applicable Firm Sales Service rate; (b) the effect of the Winter Bill Credits in General Information Section IX.7 of this Rate Schedule; and (c) any charges for Unauthorized Use including other charges and surcharges to the base rates set forth in this Service Classification related to a Customer's failure to comply with any of the provisions of this Service Classification, the Company's Sales and Transportation Operating Procedures, or this Rate Schedule. Any overpayments will be reconciled by means of a credit to the Customer's next monthly bill(s) following the annual reconciliation. Under no circumstances shall this relieve Customers of their reserve requirement obligations as explained under Miscellaneous Provision, Section (D) of this service classification.

(2) Negotiated Rates:

The Company may, at its sole discretion, individually negotiate a separate rate with a Customer who can demonstrate, to the Company's satisfaction, that it has energy alternatives at a cost below or rate requirements that differ from the applicable posted rate.
