RECEIVED: 10/13/00 STATUS: Cancelled EFFECTIVE: 11/01/00

SERVICE CLASSIFICATION NO. 14**SPECIAL PROVISIONS: (Cont'd.)****(F) Customer Responsibilities (Cont'd.)**

The customer shall immediately: (i) notify the Company of any condition that would prevent the required discontinuance of gas service or prevent the Company from determining whether the customer is using gas during a period in which the Company withdraws service, (ii) take immediate action to correct such condition, and (iii) notify the Company when such condition has been corrected.

The customer must comply with an annual inspection of its alternate fuel or alternate energy facilities, at a date and time determined by the Company, to determine whether such facilities are operable. In addition, the Company shall have the right to require a test of the customer's alternate fuel or alternate energy facilities. The customer must comply with any such test.

(G) Reserve Requirements

On November 1 of each year, customers are required to demonstrate to the Company that they have adequate reserves of alternate fuel based on peak winter period requirements and in accordance with the provisions below.

- (1) All Distillate Users shall have a ten days supply of alternate fuel. If the customer does not have ten days storage capability on site, the customer must fill available on-site storage and prove, to the Company's satisfaction, that a relationship exists with an alternate fuel provider to supply the customer for the difference between its on-site supply and the ten days of required alternate fuel supply.

For the purposes of this provision, Distillate Users are those customers using No. 2 fuel oil, diesel fuel or kerosene as their alternate fuel source.

- (2) Other withdrawable customers must maintain reserve levels acceptable to the Company.

A customer that fails to meet the above-stated reserve requirement shall be subject to an additional charge equal to the greater of a) 110% of the cost of its alternate fuel, as established with reference to appropriate fuel price indices or b) 110% of the rates charged by the Company for service under Service Classification No. 3 of this Schedule, minus the rates paid by the customer under this Service Classification. This additional charge shall be billed retroactively to November 1 and until such time that the customer is in compliance with this Special Provision.
