SERVICE CLASSIFICATION NO. 8 (Cont'd.)

SPECIAL PROVISIONS: (Cont'd.)

(F) Customer Responsibilities (Cont'd.)

The customer shall immediately: (i) notify the Company of any condition that would prevent the required interruption of gas service or prevent the Company from determining whether the customer is using gas during an interruption, (ii) take immediate action to correct such condition, and (iii) notify the Company when such condition has been corrected. If the customer does not correct such condition within 10 days, the customer will thereafter be charged at 1.5 times the applicable rates set forth under this Service Classification until the customer is found to be in compliance. During this period, the customer remains obligated to comply with interruptions of service initiated by the Company and remains subject to penalties for noncompliance.

The customer must comply with an annual inspection of its alternate fuel or alternate energy facilities, at a date and time determined by the Company, to determine whether such facilities are operable. In addition, the Company shall have the right to require a test of the customer's alternate fuel or alternate energy facilities. The customer must comply with any such test.

(G) Reserve Requirements

Customers are required to maintain adequate reserves of their alternate fuel based on the customer's peak winter period requirements and in accordance with the provisions below.

- (1) All Distillate Users and Human Needs Customers shall have a ten days supply of alternate fuel. If the customer does not have ten days storage capability on site, the customer must fill available on-site storage and prove, to the Company's satisfaction, that a relationship exists with an alternate fuel provider to supply the customer for the difference between its on-site supply and the ten days of required alternate fuel supply.

For the purposes of this provision, Distillate Users are those customers using No. 2 fuel oil, diesel fuel or kerosene as their alternate fuel source and Human Needs Customers are those who receive service for their own or another's residential uses and purposes whether involving temporary or permanent occupancy, which includes residential hotels, single room occupancies, prisons, dormitories, living facilities of clergy and acute care or nursing home providers housing patients or residents on an overnight basis including, nursing homes, hospitals, community residences, and shelters.
