SPECIAL PROVISIONS (Cont'd)

2.7 CURTAILABLE ELECTRIC SERVICE

Any full service customer, taking service under this Service Classification may elect to designate a portion of his load as curtailable and receive a billing credit, subject to the terms defined below. Customers selecting this Special Provision must provide interval metering, access to a dedicated telephone line at the meter location, and possess a fax machine with a dedicated phone line. Interval metering must be installed and operational at the customer's location for at least the minimum amount of time necessary for the Company to establish a Customer Baseline Load (CBL) described below.

- a) The customer must be able to reduce his electric demand by at least 100 Kw within a 2 hour notification period. The customer shall agree, in writing, to reduce his electric demand by a minimum of 100 Kw during curtailment periods. For any curtailment period during which the customer is unable to reduce his electric load for any part of the curtailment period by at least 100 Kw, the customer shall be subject to additional charges as defined below. The Company reserves the right to cancel a curtailment with 30 minute notice to customers prior to the start of the curtailment.
- b) Service under this Special Provision shall be subject to curtailment between the hours of 8 AM and 10 PM.
- c) Curtailment periods shall be limited to a maximum of 18 occurrences per calendar year and not more than 8 hours per occurrence. Curtailments will be limited to no more one curtailment per day.
