RECEIVED: 07/02/01 STATUS: Cancelled EFFECTIVE: 07/03/01

SERVICE CLASSIFICATION NO. 2 (Cont'd)

GENERAL SERVICE (Cont'd)

SPECIAL PROVISIONS (Cont'd)

2.7 CURTAILABLE ELECTRIC SERVICE (Cont'd)

The result above shall be expressed as a percentage. All maximum Kw values shall be determined on a 15 minute integrated basis.

- j) Once this Special Provision is elected, service must be taken under this Special Provision for three calendar years.
- k) Service under this Special Provision may be terminated by the Company or the Customer with 30 days written notice.

Customer Baseline Load (CBL)

The CBL will provide a reference to verify customer compliance with a scheduled curtailment. The CBL is determined in accordance with the NYISO Day-Ahead Demand Response Program Manual, Calculating Customer Baseline Load for DADRP. For purposes of this program, the customer's average demand measured during the CBL period will be compared to the average actual demand measured during a curtailment. Load curtailments will be measured based on this CBL methodology.

2.8 ECONOMIC REVITALIZATION DISCOUNT

Any new customer, or any existing customer with load growth of at least 100 Kw of demand over the demand at their previous location, who (a) occupies an existing facility of at least 25,000 square feet which has been vacant for at least six months, (b) is classified in Standard Industrial Classification-Major Groups 20-51 and 60-89, © reimburses the Company for any incremental distribution system investments required to provide service and (d) has an Energy Efficiency Audit performed during the first six months of occupancy and agrees that within eighteen months of completion of the audit to implement all practical audit recommendations which have a payback of two years or less, will be billed for demand and energy as follows:
