### GENERAL INFORMATION

#### 16. QUANTITY LIMITATIONS AND CURTAILMENT PROVISIONS: (CONT'D)

##### D. Unauthorized Overrun Penalty: (Cont'd)

The payment of a penalty for unauthorized overrun shall not under any circumstances be considered as giving any customer the right to exceed established allotments, nor shall such payment be considered as a substitute for any other remedies available to the Company against the offending customer for failure to respect its obligation to adhere to the provisions of the Company's filed tariff.

##### E. Transfer of Gas Quantities:

A residential, commercial or industrial property owner may not transfer quantities from one property, owned by him, to another property, also owned by him, except that commercial or industrial process quantities may be transferred within the plant or plants of the same customer provided that such transfer be of limited duration for the purpose of off-setting curtailment. Quantities and load profiles transferred must be approximately the same or less and the customer must bear the full cost of such transfer.

##### F. Outstanding Commitments in Right-of-Way or Other Land-Rights Agreements:

Holders of unexercised commitments for gas service based on provisions of rights-of-way or other land rights agreements shall make application for and be ready to receive service prior to May 1, 1976. Upon failure to do so, all applications for gas service based upon such commitments shall be deferred during the continuation of emergency in gas supply.

##### G. Emergency Electric Generation:

The Company will provide new gas service where gas is to be used for emergency electric generation under the following conditions:

- (1) Only sufficient emergency electric generation may be installed to provide minimum requirements for safety and health.
