SERVICE CLASSIFICATION NO. 6 (CONT'D)  
Large General Service

POWER FACTOR CORRECTION:

The Plattsburgh Municipal Lighting Department may, at its option, test or meter the power factor of a customer's load, where there is evidence of a lagging power factor less than ninety (90) percent. The Plattsburgh Municipal Lighting Department, at its option, may require the customer to install power factor correcting equipment or the Department, on its system near the customer, will do so and bill the customer for the expenses incurred therefor. No correction will be made or required where the power factor is leading or greater than ninety (90) percent lagging.

TERMS OF PAYMENT:

All bills are due when rendered. Full payment must be received on or before the date shown on the bill to avoid a late payment charge of 1.5% as provided in Rule VIII of the NYMPA generic tariff.

TERM:

One year and thereafter until terminated by a one (1) year written notice, unless time period is set by individual contract.

PURCHASED POWER ADJUSTMENT:

All kilowatt-hours sold under this schedule are subject to Purchase Power Adjustment Charges in accordance with Section VII of Plattsburgh Municipal Light Department Tariff and consistent with Rule IX of the NYMPA generic tariff.
