**Operational Matters - Continued**

**(D) Failure to Deliver - Continued**

In addition, for any Seller failing to meet its obligations to deliver the required quantities for Firm Transportation Service on three or more occasions, including but not limited to OFO periods, the Company may terminate service to a Seller effective on the earlier of 30 days or the end of the term of service and disqualify the Seller from Transportation Receipt Service for a minimum of two years. In addition to any and all other remedies the Company may have in law or equity, if such failure is the result of Seller's not having all or part of the firm transportation for which Seller submitted an affidavit, the Company, at its discretion, may terminate service to Seller immediately or require that, the Seller acquire seven months of the Company's released firm transportation capacity at maximum pipeline rates. In either instance, or if Seller ceases service to its firm Customers after such failure, the Seller will be subject to a penalty of \$2.50 per therm on all or part of the firm transportation for which Seller submitted an affidavit for the entire winter season (November - March).

**(E) Measurement of Receipts and Heating Value Adjustment:**

Quantities of gas received by the Company at the Receipt Point for the Customer's account shall be measured in accordance with the measurement provisions of the tariff of the interstate natural gas pipeline company which delivers the gas to the Receipt Point. Volumes of gas delivered by the Company and registered at the Customer's meter in Ccf will be converted to therms, in accordance with General Information Section III 8.
