SERVICE CLASSIFICATION NO. 4

LARGE FIRM TRANSPORTATION SERVICE

APPLICABLE TO THE USE OF SERVICE FOR:

Firm Transportation Service to existing firm sales service customers that elect to replace their retail service with transportation service and do not wish to reserve their "Sales Customer" status, that have paid for the construction of the pipeline used to serve their facility, that have the capability of transporting and receiving at one service point 5,000 Dth or greater per day, and that have minimum quantity eligible for transportation of 500,000 Dth per year when the Company has facilities available and adequate for the load. Available in the Combined Area of PSC No. 87 Gas, or superseding issues thereof.

CHARACTER OF SERVICE:

Transportation of Customer-owned, pipeline quality, natural gas will be on a firm basis from a delivery point within the Company's service territory to which this Schedule applies to the existing facilities at the Customer's existing service point. The Company will control the dispatch of such gas, and dispatch will be provided as requested by the Customer, provided, however, that acceptance of the Customer's application will be conditioned on the availability of the Company's system capacity.

Gas delivered to the Customer will be natural gas or a mixture of natural gas and liquefied petroleum gas with a minimum Btu content equal to that stated in the otherwise applicable sales schedule with pressure at the option of the Company but not less than two (2) psig.
