GENERAL INFORMATION

5. PIPING AND EQUIPMENT (Cont'd.)

5.1 INSPECTION, MAINTENANCE AND REPLACEMENT OF FACILITIES (Cont'd.)

(F) A non-residential customer who directly or indirectly prevents or hinders any duly authorized officer or agent of the Company from entering the building or location or from making an inspection or examination, at any reasonable time, may be billed a \$100 penalty charge for each such offense.

5.2 INCREASED CAPACITY

The customer shall give the Company written notice in advance of any proposed increase in service required, stating the amount, character and expected duration of time the increased service will be required. If such increase necessitates added or enlarged facilities (other than metering equipment) for the sole use of the customer, the Company may require the customer to make a reasonable contribution to the cost of adding or enlarging the facilities whenever the customer fails to give assurance, satisfactory to the Company, that the taking of the increased services shall be of sufficient duration to render the supply thereof reasonably compensatory to the Company.
